Skype: live:.cid.be4ef71b31483aae |

Address: Leanyka ut 2, 3300, Eger, Hungary (Leanyka ut 2)

About me:
Software developer with 3 years experience building web applications. I specialize in web development and have professional experience working with React and TypeScript. Furthermore, I have experience working with SQL server, NodeJS.

WORK EXPERIENCE

01/06/2022 – 20/08/2022 Eger, Hungary
WEB APPLICATION DEVELOPER INTERN EKKE RESEARCH TEAM

My main responsibility was testing. I tested different components of the web-site for bugs and errors.
I learned the process of developing applications in teams.
Collaborated with a team of developers to design and implement features for a web-based application using React and TypeScript.

ADDITIONAL INFORMATION

PROJECTS

Thesis Topic/ Full stack web-app

My thesis project is an online bookstore which allows customers to easily browse and purchase books.The users of this app can do their shopping in a friendly user interface. Postman was used for testing the API.
Stack:
  • NodeJS
  • ReactJS
  • PostgreSQL
Main features:
  • Stripe payment
  • Authentication with JSON token
  • Shopping Cart
  • Pagination
  • Filtering and sorting books
  • Responsive design
